

Sustainable Procurement Policy

Sri Krishna Pharmaceuticals Limited (SKPL), is a pioneering bulk drug manufacturing company from Hyderabad, India. SKPL specializes in the bulk manufacture of many first line of defence drugs from active pharmaceutical ingredients (APIs), direct compression (DC) granules, pharmaceutical formulation intermediates (PFIs) and a range of finished dosage forms.

SKPL is committed to a sustainable procurement framework that promotes positive outcomes not only for our organization but for the economy, environment, and society at large. Through this policy, we intend to make our procurement processes more sustainable by:

- Upholding applicable national and international laws, regulations, and principles in areas of environment, health & safety, labor & human rights, and ethics.
- Adopting and integrating applicable standards and principles on sustainable procurement into our business processes and decisions.
- Identifying and mitigating risks associated with our procurement processes.
- Promoting awareness and enhancing competency amongst buyers on sustainable procurement.
- Adopting management system framework, setting objectives and targets, carrying out periodical internal audits and management reviews for continual improvement of sustainable procurement performance and related management systems.

The policy is communicated and applied throughout SKPL. It is reviewed periodically as part of management reviews for continuing suitability and made available to relevant interested parties on request.

We recognize the support and contribution of our suppliers in our journey to become more sustainable.

V.V. Krishna Reddy
